

Villa MoJo

Villammare, Cilento National Park, Campania

A dream destination! With exceptional sea views of the Cilento coast, unspoilt and mountainous surroundings, superb food and friendly people, Villa MoJo is a really special discovery in this spectacular region of Southern Italy.

Chosen by Mojo (predecessor to Muffin!) as a very special destination and a rare find, this contemporary villa, situated in the hills above Villammare, enjoys captivating views along the unspoilt Cilento coast. A paradise for families wishing to escape their stressful and busy city lives, Villa MoJo is extremely spacious and well equipped with numerous terraces on which to relax with a glass of wine and soak in the views before dining together on the wonderful covered taverna area with its pizza oven and barbecue. From the large private

infinity pool and its surrounding terrace with sunloungers, guests can enjoy the outstanding views of the Mediterranean and the Gulf of Policastro reaching beyond Maratea to the south and the Costa degli Infreschi to the north.

Inside, Villa MoJo is spacious and light and decorated in a style ideally suited to a property by the sea. The large living room and well-equipped kitchen on the ground floor lead onto a wonderful large terrace below which is the 'taverna' dining area and gardens with typical Mediterranean

macchie. A large double bedroom enjoys glorious sea views and opens onto a large terrace. There are two shower rooms on this floor as well as a further two bedrooms with garden view. Outside, steps lead up to a large solarium area and another spacious living room (including double sofa bed) with self-contained kitchen, double bedroom and shower room. Wonderful terraces provide guests with the opportunity to soak in both the sea and mountain views. At the top of the villa there is a further double bedroom with private terrace and shower room,

large living room (including double sofa bed) and kitchen. Villa Mojo is ideal for families who wish to have plenty of space and the possibility of separate living areas whilst at the same time being able to benefit from dining together with ease. Well designed kitchens, all mod cons and a wonderful sense of space and comfort make Villa Mojo a really special seaside destination.

Nearby there is a wealth of places to explore be it along the coast or inland into the rugged and beautiful scenery of the vast National Park of Cilento. The beach at Villammare is only 600 metres away and in the summer the Marina enjoys lively beach cafes and facilities whilst the enchanting and magical hill top town of Vibonati is a complete contrast with its narrow steep streets and traditional local restaurants. This area is a wonderful contrast to the

busy and touristy Amalfi Coast and for lovers of nature and an unspoilt and spectacularly beautiful part of Italy Cilento is a must. From Villa Mojo guests will love taking a boat from nearby and charming Scario along to Porto Infreschi, passing caves and hidden coves en route with delicious fresh seafood lunch from the boat-cum-restaurant moored in this tiny natural bay. For culture seekers there is plenty to

explore be it Paestum with its Greek Temples, Maratea with its enormous statue of Jesus high above, or Padula with the second largest monastery in the world and a treasured UNESCO site.

There is so much to explore but of course drawing oneself away from the relaxing and magical environment of Villa Mojo isn't easy! Dining in the area is also exceptional

and anyone who is interested in regional Italian cuisine will enjoy discovering the delights available in Cilento with its fresh fish, excellent white wines and pasticceria rich in almonds. Mojo has specially chosen this property as a real favourite and a great addition to Merrion's portfolio – highly recommended.
